RESOURCE PROFILE

Mr. Kapiladass, B.E.,

Iskcon Youth Wing, Salem.

Mail ID: iskconkapiladassyouthwing@gmail.com

Mr. Kapiladass, B.E., Iskcon Youth Wing, and Salem. He is one of the devotee in the International Society for Krishna Consciousness (ISKCON) and saw it grow into a worldwide confederation of more than 100 temples, ashrams and cultural centers. As a youth growing up in India, Abhay became involved with Mahatma Gandhi's civil disobedience. A 500 meeting with a prominent scholar and religious leader, he proved most influential on Abhay's future calling. Mr. Kapiladass was a leader in the Iskcon Youth Wing, Salem denomination, a monotheistic tradition within the broad Hindu culture. He asked Abhay to bring the teachings of Lord Krishna to the English-speaking world.

REPORT

on

"The Journey of Self Discovery"

Date: 23.02.2023

Report

Department of Biomedical Engineering in association with Health Hygiene and Sanitation Cell of Mahendra College of Engineering, Salem Campus, Minnampalli, Salem organized a seminar on "The Journey of Self Discovery". Around 530 students of Ist year and 10 faculty members from various departments of Mahendra College of Engineering participated in this event.

Inauguration:

The inauguration started at 10:00 AM on 23.02.2023 at Seminar Hall, MCE. The seminar started with prayer song in the presence of Chief Guest, Principal, Faculties and Ist year students of various departments.

The Welcome address:

The Welcome address was given by Dr. S.Rajalaxmi, Head of the Department, Biomedical Engineering. She delivered the welcome address by welcoming the chief guest, Mr.Kapiladass, B.E., Iskcon Youth Wing, and Salem. She also welcomed Dr. N. Mohanasundararaju, Principal and HoD's, faculty members and students from various departments.

Keynote Address:

The chief guest, Mr.Kapiladass, Iskcon Youth Wing, Salem, discussed about the life, how life begins and means of life. Also motivated students how to face life with positive thoughts. Students interact with the guest and utilized the session in effective way.

Outcome of the Programme:

- To learn the process of be their own guide-creator such that there is an 'unfoldment' of each student in their own unique way enabling a transformational experience.
- Learn to strengthen self and express one's potential progresses through self-discovery, awareness, reflection and practice; promote a way that opens the mind, heart, and soul to novel ways of living the self.
- To move towards:
 - Connect the learning to daily life
 - Enhance self-trust and self-confidence
 - Unearth and expand their unique perspective
 - Ease any undue distress/anxiety and achieve calm assurance
 - Be open to see oneself and the world differently

9.	Beneficiary –Students- (branch and year) / Staffs- (Nos and Department)	All the Dept
10.	Description about the Programme	Discussion of the Though cervical cancer is the leading cancer among women, our study has shown that they are ignorant about this completely preventable disease. Hence, extensive health education to the public is needed to improve their knowledge with an emphasis on the fact that both vaccination and screening are the new standards for prevention of cervical cancer, as HPV vaccination prevents most of the cervical cancer and screening can detect precancerous lesions which can be mitigated by treatment. Also utilization of the services of media like television, newspaper and radio can have massive impact in improving the knowledge.

REPORT

on

“Common Gynecological Awareness & Prevention Care “

Department of Biomedical Engineering in association with Health Hygiene and Sanitation Cell of Mahendra College of Engineering, Salem Campus, Minnampalli, Salem organized a seminar on “Common Gynecological Awareness and Prevention Care”. Around 110 Girl students and faculty members from various departments of Mahendra College of Engineering participated in this event.

Inauguration:

The inauguration started at 03:00 PM on 10.02.2023 at Seminar Hall, MCE. The seminar started with prayer song in the presence of Chief Guest, Principal, Faculties and students of various departments.

The Welcome address:

The Welcome address was given by Dr. S.Rajalaxmi, Head of the Department, Biomedical Engineering. She delivered the welcome address by welcoming the chief guest, Dr. Deepika Gajendiran, MBBS, MS(OBG) Deepam Hospital, Salem. She also welcomed Dr. N. Mohanasundararaju, Principal and HoD's, faculty members and students from various departments.

Felicitation:

Dr. N. Mohanasundararaju, Principal felicitated the gathering with warm welcoming.

Honoring the Chief Guest:

As a token of gratitude, Dr. N. Mohanasundararaju, Principal, Mahendra College Engineering presented a shawl and memento to the Chief guest.

Outcome of the Programme:

The session was very helpful to the students to know about the importance of women's health and body issues. The students were aware of the value of treatment and the importance of visiting a Gynecologist.

To know about the common gynecological issues faced by young women. Including PCOD, irregular menstruation, thyroid problems. Girl's student knows insights on different gynecological diseases such as bacterial and fungal infections, cancer of ovaries, breast, cervix, and so on.

Girls are not much aware of their health issues this can become worse for their body. Importance of maintaining a good body is the key component of a good mental health. The idea of the program was to give awareness about the body and the importance of visiting a Gynecologist for the treatments. Most of the girls are shy and having a stereotypical view on visiting a Gynecologist. In the current world each and every girl must be aware about their body issues and health.

8.	Total number of Participants and Internal, external split up	60
9.	Beneficiary –Students- (branch and year) / Staffs- (Nos and Department)	Girl students of all branches
10.	Description about the Programme	Hormone dysregulation occurs when too much or not enough of a hormone is released by the endocrine system. In women, hormonal imbalances can cause or worsen symptoms like insomnia, hot flushes, mood fluctuations, anxiety, or depression. Because female hormone levels and fluctuations are complex, it's important to be aware of how hormones and mental health are connected.

Seminar on **WOMEN HEALTH & EFFECTS OF HORMONE IMBALANCES**

Date: 14.09.2022

Department of Biomedical Engineering in association with Health Hygiene and Sanitation Cell of Mahendra College of Engineering, Salem Campus, Minnampalli, Salem organized a seminar on "Women Health & Effects of Hormone Imbalances".

Around 60, Girl students and faculty members from various departments and Nursing students of Mahendra College of Engineering participated in this event.

Inauguration:

The inauguration started at 03:00 PM on 14.09.2022 at Seminar Hall, MCE. The seminar started with prayer song in the presence of Chief Guest, Principal and Heads of various Departments, Faculties and students.

The Welcome address:

The Welcome address was given by Dr. S.Rajalaxmi, Head of the Department, Biomedical Engineering. She delivered the welcome address by welcoming the chief guest, Dr.M.Senthilraja, MBBS., MD., DM (Endocrinology), Consultant Endocrinologist; S.K.S Hopsitals, Salem. she also welcomed Dr. N. Mohanasundararaju, Principal and HoD's, faculty members and students from various departments.

Felicitation:

Dr. N. Mohanasundararaju, Principal felicitated the gathering with warm welcoming.

Honoring the Chief Guest:

As a token of gratitude, Dr. N. Mohanasundararaju, Principal, Mahendra College Engineering presented a memento to the Chief guest.

Keynote Address:

The chief guest, Dr.M.Senthilraja, explained the causes and effects of the hormone imbalances and also highlighted the signs and symptoms. The importance of a healthy lifestyle and exercise with meditation to overcome the hormonal imbalances was told by the doctor to the participants.

Outcomes of the program:

- It is all about generating awareness about women's hormones are essential for life and their health.
- Students know about those hormones can cause anxiety, weight gain, and sleep disturbances, and are even associated with cardiovascular disease.
- The importance of a healthy lifestyle and exercise with meditation to overcome the problem was told by the doctor to the participants. Girl students advised to take regular check-up on health to avoid future complications. If you have a thyroid disorder, you have either too much or too little thyroid hormone.

Event's Report (ER)

1.	Name of the Event (Seminar/Workshop/Conference /FDP /Any others please specify)	Awareness Talk (Webinar)
2.	Title of the event	"National Pollution Control Day - History, Significance, Objectives and Key Facts"
3.	Date(s) of the Event	02.09.2022
4.	Duration	10.30AM to 1.30 PM
5.	Venue of the Event	Online through Google meet
6.	Name & Address of the Guest	Er. S.R. Saravanan, FIE., Chairman, IEI-Salem Local Centre, Salem. Mail ID: saravanansrmanagerslm@gmail.com
7.	Nature of participants	Internal
8.	Total number of Participants	52
9.	Beneficiary –Students- (branch and year) / Staffs- (Nos and Department)	Dept – CSE (III Year)
10.	Description about the Programme	Discussion of the necessity of pollution control and educate people on how to avoid pollution. Every year on this day, the National Pollution Control Day is in remembrance of those who lost their lives in the Bhopal Gas tragedy when the deadly gas methyl isocyanine leaked out of the Union Carbide plant on the intervening night of December 2-3 in 1984. Even after more than 35 years, the disaster's consequences can still be felt. The Webinar helps the Student to protect the environment by conserving and protecting natural resources while strengthening economic growth through more efficient production in industry and less need for households, businesses and communities to handle waste.
11.	Date of submission of report	14.09.2022

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING Awareness Talk on “NATIONAL POLLUTION CONTROL DAY”

Mahendra College of Engineering, Department of Computer Science and Engineering have organized an Awareness Talk on “**National Pollution Control Day - History, Significance, Objectives and Key Facts**” on 02th SEP 2022. The chief guest of this program was Er. S.R. Saravanan, FIE, Chairman, IEI-Salem Local Centre, Salem. and honored by Principal Dr.N.MOHANASUNDARARAJU, Principal, Mahendra College of Engineering, Salem. This Awareness Talk was attended by 52 students and 12 Faculty members of CSE.

The guest speaker was heartily welcomed by Dr. H. Lilly Beulah, Head of the Department, Department of Computer Science and Engineering. Dr.N.MOHANASUNDARARAJU, Principal, Mahendra College of Engineering was felicitating the gathering. He addressed about education has been regarded as the most significant instrument for changing National Pollution Control. Generally it is employed to describe a change in a country's pollution control environment by the discharge of harmful substances and improvements.

The guest speaker Er. S.R. Saravanan, FIE, Chairman, IEI-Salem Local Centre, Salem. Introduction on Creating Awareness between Student to limit damage done to the environment by the discharge of harmful substances and energies. In the Awareness Talk helps the Student to protect the environment by conserving and protecting natural resources while strengthening economic growth through more efficient production in industry and less need for households, businesses and communities to handle waste.

During the session, the students were interacted with the chief guest and shown their interest in the topics related to their national pollution control in environment. The vote of thanks was given by Mrs.V.Nishadevi Assistant Professor and Department of computer science and engineering and presented a small token of appreciation to our valuable guests.

Outcome of the Programme:

Student awareness about the environmental issues is key to keeping sustainable living at the forefront of people's minds, but also an opportunity to educate people and spread the word to help protect nature. Education is a key tool in creating change, and change is what is needed to save our world.

Understand how to evaluate models generated from data. Apply the algorithms to a real problem, optimize the models learned and report on the expected accuracy that can be achieved by applying the models.

EVENT REPORT

Seminar on

"Angel Investment Opportunity for early Stage Entrepreneurs" (Entrepreneurship)

Date: 05.09.2022

Mahendra College of Engineering, Department of Mechanical Engineering have organized a Seminar on "Angel Investment Opportunity for early Stage Entrepreneurs" (Entrepreneurship) on 29th August 2022. The Resource person for this program was Mr.M.Govindaraj, Innovation Ambassador, Mahendra College of Engineering. This Seminar was attended by 61 third year and final year students and 2 Faculty members of department.

Outcome of the Programme:

This Session gave good insight to students about the process of angel funding opportunities for the early stage entrepreneurs. Student awareness about the angel funding opportunity is key to keeping sustainable living at the forefront of people's minds, but also an opportunity to educate people and spread the word to help protect nature. Funding opportunity is a key tool in creating change, and change is what is needed to save our life. Understand how to evaluate models generated from data.

EVENT REPORT

Seminar on

“Entrepreneurial Opportunities in Green Energy” (Entrepreneurship)

Date: 28.06.2022

Mahendra College of Engineering, Department of Mechanical Engineering have organized a Seminar on “Entrepreneurial Opportunities in Green Energy” (Entrepreneurship) on 28th June 2022. The Resource person for this program was Mr.M.Govindaraj, Innovation Ambassador, Mahendra College of Engineering. This Seminar was attended by 50 third year and final year students and 2 Faculty members of department.

Outcome of the Programme:

Provided a good insight about the importance of Entrepreneurship and the skills required for the students to become an Entrepreneur in the field of Green Energy. Student awareness about the Entrepreneurship and the skills is key to keeping sustainable living at the forefront of people's minds, but also an opportunity to educate people and spread the word to help protect nature. Education is a key tool in creating change, and change is what is needed to save our world.

Understand how to evaluate models generated from data. Apply the algorithms to a real problem, optimize the models learned and report on the expected accuracy that can be achieved by applying the models.

EVENT REPORT

Seminar on
"Health and Fitness through Yoga"

Date: 21.06.2022

On celebrating the **International Yoga Day' 2022**, Department of Biomedical Engineering & Electronics and Communication Engineering in association with Health, Hygiene & Sanitation Cell, at Mahendra College of Engineering, Salem Campus, Minnampalli, Salem organized Seminar on, **"Health and Fitness through Yoga"**.

Around 195, first year students and faculty members from Mahendra College of Engineering participated in this event.

Inauguration:

The inauguration started at 03.00 PM on 21.06.2022 at Auditorium, MCE. The workshop started with prayer song in the presence of Chief Guest, Principal and Heads of various Departments, Faculties and student.

The welcome address:

The welcome address was given by Dr. M.Suganthi, Head of the Department, Electronics and Communication Engineering. She delivered the welcome address by welcoming the chief guest **Mr.R.Arunkumar, Health & Wellness Coach / Legal Consultant / Counsellor / Mentor and Mrs.Geetha Rajendran (Dietician / Nutritionist/ Yoga Teacher & Evaluator)**. She also welcomed Dr. N. Mohanasundararaju, Principal and HoD's, faculty members and students from various departments.

Felicitation:

Dr. N. Mohanasundararaju, Principal felicitated the gathering with warm welcoming. He emphasizes the importance of healthy life on this special day.
